President	Shaun Moeller	Present
Vice President	Lance Dickinson	Present
Secretary	Sarah Wilshire	Present
Treasurer	Jinny Neil	Present
Web Master	Kyle Moseley	Present
Promotions Director	Topher Gutbrod	Present/Left Early
Club Representative(Primary)	Phil Tapia	Present
Club Representative(Alternative)	Noah Huttinger	Absent
Refurbishment Program	Mark Erickson	Present

Old Business:

Volunteer Event: The volunteer project for the community went well. To recap, it was a run to raise money for the YWCA to fight against domestic violence and sexual abuse. There were about fifty runners and we ended up handing about four cases of water in all. We have now, officially, completed our volunteer requirements for the 2014-2015 year.

AT Club Web Page: Yay! It is up and running very well. The calendar works, so now, any events or meetings that we have for the AT Club will be posted on the website. If you have any questions or concerns, ask one of the officers. YOU ROCK, KYLE!!! The web page address is http://atclub.sfcc.spokane.edu

AT Club logo: The AT Club logo is being postponed again until the first meeting of Fall quarter. We need more options than just one design. There was concern by multiple people that the lettering was a little bit illegible, so maybe use something to pop out the font more. A member had given the promotions director some ideas but the ideas have not been presented to the club yet. We are waiting for Fall quarter to have all ideas heard. So if anyone has any

suggestions about the logo, send them to Topher, Shaun, or Sarah via e-mail. Waiting over the summer multiple versions and logo options and vote in the fall.

Vinyl Signs: As soon as Sarah Wilshire has the estimates from the different design companies, they will be presented to the president and the decision will be made this summer on who we will go through. We need the logo to finish the signs though and to completely follow through on this.

Linux Fest: February 5th and 6th is open in February for Linux Fest 2016. This is on a Friday and a Saturday and it will be decided either over Summer quarter or the first meeting in Fall. Sub lounges A and B will be available on Friday the 5th of February but if it is done on Saturday the 6th of February than we can have sub lounges A, B and C available. The times that we are able to reserve are from 7 a.m. to 6 p.m. on both days.

   Liaisons: It has been voted on to have liaisons for the Linux Fest 2016 that will keep the club up-to-date with the status of the event itself. They will also oversee all those working on the event and keep everyone on track. This job will also entail keeping in contact with the presenters and vendors from through this whole process. This will be called the sub-committee. We will also need two volunteers to get in contact with the IT and CS departments local schools to invite them to be vendors, speakers, or to host Linux Fest 2016. Jinny and David have volunteered for this. The following schools are:

    Gonzaga

    Wittworth

    SCC

    ITT

    U of Phoenix

    EWU

    WSU

    WGU- cannot host an event

Change of venue: Jinny and David will be contacting schools to see if they can host Linux Fest 2016. The subcommittee will also be contacting downtown venues to inquire about pricing and space availability for Linux Fest 2016. The subcommittee and AT Club officers will look at perspective places after they are contacted to see if we have adequate space for the event. The things that are necessary for any venue is:

   Unrestricted internet access

   Ability to support at least two lectures happening at the same time

Engineering Club- The Engineering Club has done their second weather balloon launch and there are pictures are up on the website. The web page is https://www.facebook.com/683459181729691/photos/pb.683459181729691.-2207520000.1433918590./819249551483986/?type=3&theater

New Business:

Internships: The current list is outdated and it is currently being worked on to get up-to-date. If you have any possible contacts for internships or need an internship to fulfill your IT graduation requirements, please contact Shaun or Sarah.

Fall 2015 meetings: The day and time is still to be determined as it has to work around the president and secretary's schedule. Please watch club page and look through your emails for the first fall meeting.

THANK YOU KRIS! For being the advisor for the AT Club and for all of your dedication to this club. We will miss you.

Meeting adjourned at 12:28 p.m.
